

Banknote Banding Machine

JB-100

EB International Group Limited
www.easy-banker.com

Features:

- Durable electro-magnetic clutch transmission, lesser wear and lower noise.
- Standard accessory, its advantage is stable quality, durable material, and easy maintenance.
- Special design-Control PP strap cooling time. It can make the PP strap to fasten well in any time.
- "Electricity-saving" device, the motor automatically stops running after 60 seconds pause to reduce the normal wear and to prolong the machine life.
- The advanced P.C.B microchip circuit board control system, less malfunction and easy maintenance.
- Non-fast heater plate, it will increase the work efficiency.
- Installing an auxiliary feed switch and cut switch at the control panel makes you operate more conveniently.
- The table strapping machine is mainly used for strapping and packing small-sized articles such as banknote, instruments, parcels and prints widely used in various trades of finance, post and commerce. The machine is small in size, light in weight, low in noise, rapid in speed and easy in operation, which can be used for adjusting strapping tension as a piece of ideal office equipment.

Specifications:

Strapping tension 40-300N adjustable

Strapping speed 1.8Sec./Strap

Tape type: PP , width 6mm/9mm,thickness:0.05mm

Power supply 110V, 220-240V/50-60Hz

Power consumption 0.4KVA

Machine size 710×385×250mm

Net weight:20kgs

Gross weight:22kgs
