

Banknote Counter

LD-1689

EB International Group Limited
www.easy-banker.com

Features:

- Automatic start, stop and clear.
- MG (magnetic) detection: can detect banknotes without MG properties, because most of banknotes are printed using magnetic ink.
- Batch function: allows you to preset a specific number of bills that the machine will count up to.
- Add function: allows cumulative counting of all bills, up to a maximum of 999 bills.
- Automatic half-note, chained note, double-note detection.
- Mix value counting and denomination/version sort function.
